Edit List Sheet for Creating DVD or Digital Files

Before you start:

Check tape is rewound to the beginning and the VCR timer is displaying 00:00:00 (unless timecode is used). Do not eject the tape while making your edit list as it will re-zero the timer.

Please only list the footage you wish to keep.

^{3/4} First/Last 3-6 words required in the edit or a clear description of the scenes. (This is to verify that the times are correct.)

⁵ Each DVD can contain ideally a maximum of 120min but could go to 180min. ⁶ If your edit list is not in the final order use this column to re-order them. NB: This is not applicable for files. ⁷Make sure your chapter titles do not exceed 18 characters, this includes spaces.
